AWARENESS GROWS: A RECORD YEAR OF DEMAND

Now firmly into our 10th year as a charity, we are delighted to be helping more people than ever. Over the past year we have funded over 200 consultations with Cancer Options, which is many people's first step in reclaiming control of their health. We have also funded on average £7000 a month to our beneficiaries to use towards the complementary approach of their choice.

A HUGE THANK YOU TO OUR SUPPORTERS:

Our special appreciation goes to Stephen and Melanie at Together Against Cancer. Their support of a generous monthly donation of £2000 has helped us meet the increased demand this year. We look forward to continue working with them to spread awareness and provide support.

CThA

Our huge thanks go to the wonderful therapists at the Complementary Therapists Association (CThA) who donated their time over the CAMexpo weekend to raise money for Yes to Life. Offering a massive choice of therapies to help attendees cope with event fatigue, CThA have donated £1,500 to Yes to Life.

WORDS FROM OUR BENEFICIARIES:

"The monthly awards given to me by Yes to Life have literally been a lifesaver to me"

"Yes to Life's support has enabled me to transform my health situation in such a huge way."

A HUGE THANK YOU TO OUR SUPPORTERS:

Pale Moon Charity Events and Jerome Flynn

We are very grateful to everyone involved in organising Pale Moon Charity Event's fundraiser, which took place in Haverfordwest, Wales in September. With live music, a silent auction, raffle and some delicious food and drink it was a fantastic evening and raised more than £5,000.

A special shout out goes to Jerome Flynn who donated a signed Game of Thrones Script and a tour of the Ripper Street set, which raised over £1000 in our online auction.
