

Why leave a gift in your will?

Make a real impact on many people's lives by leaving a gift in your will. Any gift, no matter how large or small, makes a lasting difference to each individual we support.

Whatever gift you leave will be used wisely and effectively. Of course family and friends will be your first priority, but extending your kindness to others connects you to a wider family.

You might think that making will is complex and costly, but it doesn't have to be. We're here to make it easy for you.

If you already have a will, it's really straightforward to add Yes to Life. All you need to do is add a simple statement called a "codicil". Just complete the form on the reverse and we can send a copy to you and answer any questions you may have,

"Thank you again. I have been fighting cancer for 8 years now and you are the first organisation that has helped me with funding the considerable cost. I really do appreciate it."

- Bill

Why Yes to Life?

We are the UK's integrative cancer care charity. For more than a decade, we have provided support to people with cancer through the confusing options for care. We offer straightforward evidence-based information, lifestyle choices, as well as financial support to help empower people to make their own choices about their cancer care. Find out more by heading to yestolife.org.uk.

Yes to Life is largely funded by the general public and the interest in following an integrative approach is growing rapidly. In order to keep up with this demand, we need your support.

**1 in 2 people in the UK
will get cancer***

£3,000 per month helps us fund 300 individuals. And from the statistic above we have a big job on our hands.
