

**Ku soo dhawaada maqaalkan gaarka ah oo iftiiminaya adeegyada ururada caafimaadka ee ka howl gala Southwest, oo kala ah Sirona Care & Health's Health Links service iyo CAAFI Health, oo labaduba ka taageeraan bulshada helidda adeegyada daryeelka caafimaadka.**

Majaladda Flourish waxay nasiib u yeelatay inay qabato dood cilmiyed ay ka soo qaybgaleen ururro ay mid yihiin Health Links iyo CAAFI Health, iyo qaybo ka mid ah haweenka reer Bristol. Joornaalkani waxaa uu si dhab ah u muujinayaa saamaynta aqoon-is-weydaarsigaasi u leeyahay bulshada, kaas oo bixiyey talooyin iyo macluumaadyo ku saabsan kansarka iyo wax ka qabashadiisa.

Hoos waxaannu ku soo qaadanaynaa beenta iyo khuraafaadka ay dadku kansarka aaminsanyihiin. Kuwaas oo ay Health Links iyo CAAFI ku tilmaameen inay ku badantahay bulshooyinka ay la shaqeeyaan. Xagga dambena waxaad ka heli kartaa macluumaad ku saabsan adeegga Health Links iyo CAAFI, oo ay weheliso agabka lagu caawinayo qof walba oo ku howlan la dagaalanka kansarka. Marka laga bilaabo daaweynta tooska ah ilaa iyo adeegyada kale ee dheeraad ah, sida dad u kaalmeeya iyo meelaha jimicsiga.

# **Sida farshaxannimadu u caawin karto u dhugyeelashada kansarka, iyada oo weliba mideynaysa afkaarta dhaqammada kala duwan**

**Waxaa qoray Lucy J Turner**

Ka hor cadadka 4aad ee Joornaalka Flourish, waxaan kaashaday CAAFI iyo Sirona Care & Health's Health Links kuwaas oo ah 2 urur caafimaad oo ka howlgala Southwest England. Wuxaan tabobar daabaca dunta ah u qabannay 20 haween ah oo ka kala socdey xaafadaha St Pauls & Easton, oo Soomaali iyo Bangladeshi ah, kuwaas oo ay dhibaataada kansarku saameysay.

Tabobarkan waxaa isku soo dubbariday Anurita Chandola, oo ah farsamoyaqaan ku xeel dheer sawirrada iyo naqshadaynta, taas oo hore u qabanjirtey tabobarrada caafimaadka oo horseeda si loo helo dariiqa bogsashada. Halkan, waxaynu ku milicsanaynaa saamaynta cajjibka ah ee fadhiгу leeyahay iyo awooda farshaxanku u leeyahay isukeenida iyo midaynta bulshada.

Anurita Chandola waxay si joogto ah ula shaqeysaa dadyowga caafimaad darradu ka haysato jidhka maskaxdaba, waxayna ku dhiirigelisaa dadkaasi inay waqtii badan geliyaan ikhtiraaca (Creativity). Workshopska Anita ee xaradhka "duntii waliba waxay u taagan tahay fariin"; iyada oo adeegsanaysa dunta iyo daabacaadda, waxay sahlaysaa xasilloonaanta, halkaas oo ka qaybgalayaasha lagu dhiirigelinayo inay wadaagaan waayo-

aragnimadooda.

Bishii January ee sanadkan, waxaannu ku biirnay Anurita iyo 20 haween ah oo ka kala socday St Paul's & Easton's Somali iyo Bangladeshi community, kuwaas oo uu saameeyay kansarku, kuwaas oo fadhogodu yahay Easton Leisure Centre Bristol, si aan u qabanno aqoon-is-weydaarsi.

Ka qaybgalayaashu waxay u dhixeeyaan kuwa bilawga ah ilaa kuwa noloshooda oo dhan daabaca ku soo jirey, Anuritana waxa ay sharraxday in aanay guushu natijjada oo qudha ku koobnay ee ay weheliso in qofku si sahlan wax u ikhtiraaci karo. " inaad wax soo saaristaas gacanta ku hayso oo aad waqtigaaga intiisa badan ku qaadato waxay kug caawinaysaa degganaansho iyo yaraynta welwelka".

Bilawgii xisadda waxa nala siiyay giraanta xaradhka, maryo iyo dunta wax lagu daabaco. Anurita ayaa bixisay tusaalooyin ku aaddan shaqada ardayda laga rabo iyo ay gaadhsisantahay: sida metelan ubaxyo si quruxbadan loo daabacay. Markii aan bilownay naqshadahayaga bilicda san, isla markiiba waxa muuqday sida daabacaadda aanay u ahayn oo kelya wax soo saar, ee ay kale oo u tahay xanuun baabi, iye dadka qaba xanuunnadda culculus ee tusaale ahaan kansarku ka midka yahay.

Markii ay dadku

hawshooda galeen kuna xasileen, waxay bilaabeen inay iska waraystaan kansarka. "sida aanu u saamayn qof keliya ee uu u saameeyo qoyska oo dhan. Miyanay dhib wayn ahayn, waxaan ahay 70 jir, waxaana aan beelay labadaydii naasaba," qof dumar ah ayaa sidaas tidhi.

Mid kale ayaa sheegtay in hooyadeed dhawaan laga helay cudurka Kansarka, ayna shirkha u timi bal an ay wax xog ah arrinkaas ku saabsan ka hesho dadkan ay la kulantay, "maaddaama aan ahay inantedii aanna anigu gacanta ku hayo, waa in aan guriga ka soo saaro, oo aan geeyo meel aannu labadayaduba ku maararrowno wax qabad muuqdana ka geysanno.

Kuwo kale oo badan ayaa iyaguna muujiyay sida horraantiiba iimaanka iyo salaaddu ay noloshooda gadhka u hayeen, markii masiibada kansarku haleeshayna ay taas uun sii miciinsadeen. Runtiina ay tani ka caawisay waqtiyada cidhiidhiga iyo dhibku bataan.

Waxay kale oo isla qaadaadhigeen abaalka ay dhakhaatiirta, kalkaliyayaasha kale caafimaad iyo turjubaanadaba ugu ahaayaan socdaaladdii isdaba joogga ahaa ee ay ku tegayeen goobahaas daaweynta kansarka, iyadoo shaqaalaha daryeelka caafimaadka iyo turjubaannada ka soo qayb galayna ay dib

u muujinayaan dareen xooggan oo mas'uulnimo ku dheehantahay, daryeeliyo ixtiraamka bukaankooda iyo bulshadooda.

Waxa ay ahayd mid dhiirigelin leh in la arko sida hal aqoon-is-weydaarsigu ugu suurtagashay in uu abuuro jawi nabdoon, oo ay dadku sheekada ku dhiirradaan, xidh xidhnaantuna u yaraato, kaas oo aad caado ugu ah dadka kansarka qaba. Dhammaadkii kalfadhiga, haweenka intooda badani si wanaagsan ayey sheekadooda u bogteen waxayna dareemeen in allaylehe isu imaatinkani hore ugu ekaa, qaar lamid ahna ay in shaa Allahu sugayaan.

"halkani waa good aynnu ku shaqaynsankarro iskuna waraysankaro," mid ka mid ah ka qaybgalayaasha ayaa yiri. "Gacmaheennuna waxay ku mashquulsan yihiin shaqada, afkeennuna sheekada."

Aqoon-is-weydaarsigu wuxuu muujiyay awoodda howlwadaagu u leeyahay midnimada iyo iska warhaynta. Howsha wadajirka loo qabto ayaa isku keen xidha, oo weliba ina siisaa fursad aynnu iskaga waraysanno baqdinteenaa iyo badhaadhaheena.

Kaalay oo lakulan dadka kale ee qaba dhibkaagaaga oo kale, kana warayso bal sida ay was u debberayaan, waxay u badantahay in aad iskaashiga ku guuleysataan labadiinuba.

NHS waxay si toos ah kula soo xidhiidhaysaa; marka hore waxay bilaabeysaa 6 bilood ka hor intaadan gaarin 25 jir, ka dibna 3dii sanaba mar inta u dhaxaysa 25 iyo 49, iyo 5tii sanaba mar inta u dhaxaysa 50 ilaa 64. Aad bay muhiim u tahay in aad ka qaybgasho kuwan, maadaama in kansarka goorhore la ogaadaa ay sahlayso daaweyntiisa.
